

New Horizons for OTI

As part of our commitment to expand our global reach and footprint into key international markets, Oman Trading International (OTI) is pleased to announce the opening of its Shanghai office.

OTI is an active member of the international trading community and Shanghai represents a strategic move to expand our operations into the Greater China region and the Far East.

A full-fledged trading body, OTI's key function is to trade crude oil, petroleum products and petrochemicals globally, with plans to also trade polymers in the near future.

Our research covers the global market with offices in Dubai, Muscat, Rotterdam, Shanghai and Singapore.
